Hey Elin!

We are currently working with R5 to figure out next steps.

Subject: Flint Michigan

Hi Ed,

Has your office done anything to review MI DEQ oversight of the city of Flint, Michigan switching from Detroit to Flint River water? It seems like there should have been so many checks built in with proper SDWA implementation that the things I read in the press should have never happened.

And apparently Marc Edwards is involved now. So your office must be too ☺ (e.g., http://www.citylab.com/weather/2015/07/aging-infrastructure-is-poisoning-americas-water-supply/399878/?utm_source=nl_link5_072915)
